TITAN PIPE SUPPORTS

www.stepko.com

Phone: 337-837-4141

Overview

Step-Ko Products' Titan Pipe Supports are designed to protect pipelines from corrosion. The pipe supports keep your pipeline off the ground and away from potential harmful, foreign substances. These supports also distribute pipeline weight evenly, ensuring that your pipeline can continue to run for years to come.

Benefits

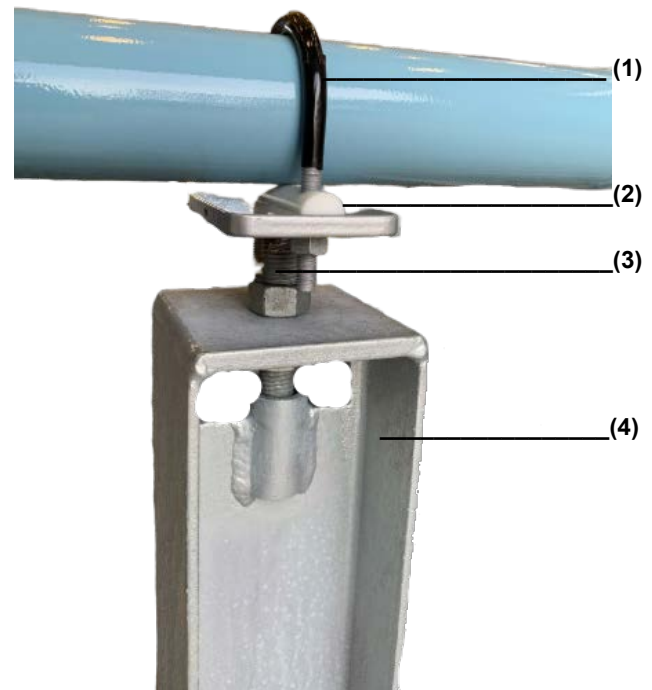

- Quick installation
- Supports custom pipeline dimensions
- Offers cathodic protection
- Strong & durable support
- Cost effective
- Stable & efficient weight distribution
- Compatible with Step-Ko's *Assureakote* Poly-Coated U-Bolts and *Assureapad* half round pads

Features

Titan Pipe Supports are specifically designed to have:

- Long life span
- Simple design
- Adjustable height
- Pipe size support from 2" piping and up
- Compatible with *Assureakote* Poly Coated U-Bolts
- Coated or uncoated support

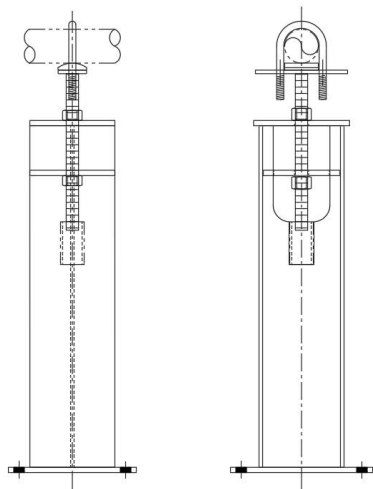

Product Components

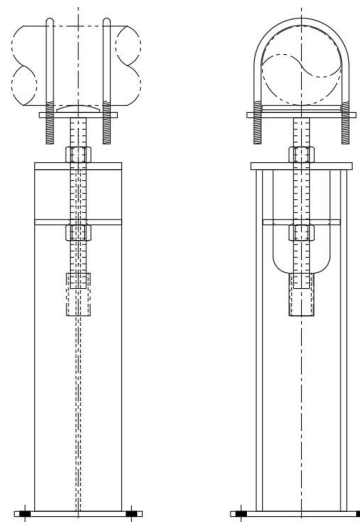

1. U-Bolt: Step-Ko's *Assureakote* Poly Coated U-Bolts with 4 heavy hex nuts are compatible
2. Pad: Step-Ko's *Assureapad* half round pads are compatible as well as FRP pads
3. Adjustable height: Can be adjusted to your pipeline height
4. I-Beam: The base of the pipe support. Gives the strength and durability only a name like "Titan" can have.

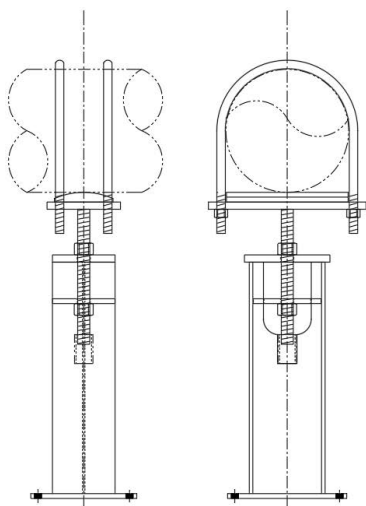

Understanding Pipe Supports

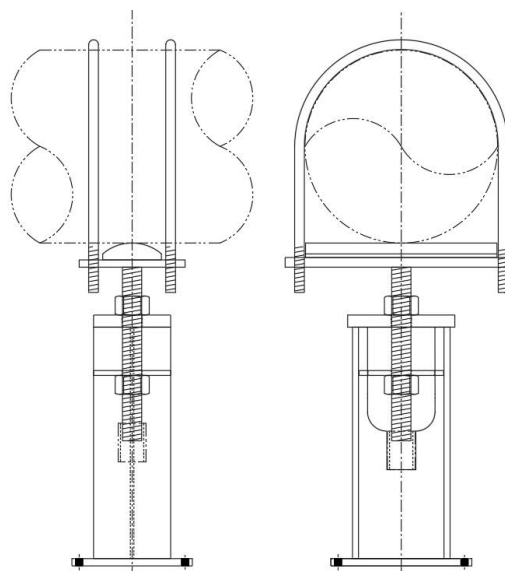

2" - 4" PIPE STAND
(W6X15 BEAM)

5" - 10" PIPE STAND
(W6X25 BEAM)

12" - 18" PIPE STAND
(W8x24 BEAM)

20" - 24" PIPE STAND
(W10X45 BEAM)

Product Model	Pipe Size
TPS0204	2" to 4"
TPS0510	5" to 10"
TPS1218	12" to 18"
TPS2024	20" to 24"

HOW TO ORDER:

Have the following information:

- **Product Model**
- **Pipe Size (26" to 36" available upon request)**
- **Height of Support (centerline of pipe to top of concrete)**
- **Call Step-Ko at 337-837-4141 or e-mail at info@stepko.com for a quote**

OTHER PRODUCTS:

- **Flange Insulation Kits**
- **Coated U-Bolts**
- **Nut & Bolt Protectors**
- **Heat Shrink Sleeves & Tapes**
- **Pipeline Pigs**
- **Pipeline Markers and Test Stations**
- **Insulated Enclosures/Buildings**
- **Anodes**
